PRE PROFESSIONAL STUDENT INTENSIVE 2022

The Pre-Professional Student Program was developed in 2020 to provide the opportunity for aspiring young artists to learn about the creative processes of choreography, show production, performance, and how to approach a professional career in the performing arts.

High intermediate through advanced level dancers, ages 14-18 are selected to this 2-week intensive by audition. Auditions are free. Intensive students will work closely with members of the moSTLy TAP professional ensemble as well as special guest artists during a rigorous tap dance program.

Students take daily classes in technique, music theory, improvisation, and learn original choreography that they will perform at the conclusion of the intensive. Auxiliary courses will be presented in injury prevention, resume preparation, audition technique and others. In addition to these courses, intensive students will be required to represent STL Rhythm Collaborative at our annual STL Rhythm Fest.

Auditions for the Pre-Professional Student Intensive 2022 took place on May 1, 2022.
